Key Features

Simple Self-Install

The wire-free design means no wires, no tech, and no appointment needed.

Flexible Placement

Use indoors, outdoors, in garages or at rental properties—all you need is Wi-Fi.

Customizable Alerts

Choose what triggers notifications and watch live or recorded video from your phone, anytime, anywhere.

Recharge Options

There are multiple ways to recharge and keep your cameras running, including solar!

Proactive Deterrence

Loudspeaker and built-in spotlight give in-color awareness and proactive defense day or night.
